Randy Leffingwell : Corvette: Seven Generations of American High Performance before purchasing it in order to gage whether or not it would be worth my time, and all praised Corvette: Seven Generations of American High Performance:

0 of 0 people found the following review helpful. Five Stars By John Lawless The book has lots of cool statistics and pictures in it 1 of 1 people found the following review helpful. Just full of great pictures. I love it too By David R. Phillips This was a gift for my son, He recently bought a Corvette, 2008, just wishes it could have been the Sting Ray. Maybe the next time. Loves the Book and can't put it down. Just full of great pictures. I love it too. Fantastic Book. Dad 0 of 0 people found the following review helpful. Four Stars By JS Lot of great pics.

Explore a complete history of America's original sports car. Through hundreds of rare and unpublished photos from GM's media and design archives, special gatefolds and in-depth analysis from noted Corvette historian Randy Leffingwell, Corvette: Seven Generations of American High Performance celebrates six-plus decades of America's

sports car, covering the revolution and evolution of America's longest continuously produced nameplate, from Harley Earl's initial concept to the latest seventh-generation car—the 2014 Corvette Stingray. Officially licensed and created in cooperation with General Motors, *Corvette: Seven Generations of American High Performance* focuses on the Corvette's place in popular culture as well as its engineering and design success. This book offers something for everyone who has ever lusted after a 'Vette. From the inaugural 1953 Corvette to today's stunning Stingray, this book touches on all aspects of Chevrolet's iconic sports car: history, racing, period ads, posters, memorabilia, key designers such as Bill Mitchell, engineers such as the fabled Zora Arkus-Duntov, celebrity 'Vette fans, and more. No Corvette fan will want to miss out on this ultimate history of America's first and foremost sports car.

"Mr. Leffingwell's encyclopedic knowledge of the topic, and of the players, helps immensely here, in separating the seminal from the trivial and in conveying the information concisely.... a worthwhile addition." - The New York Times
