Judy Crandall : Cowgirls: Early Images and Collectibles: With Price Guide (Schiffer Book for Collectors Historians) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cowgirls: Early Images and Collectibles: With Price Guide (Schiffer Book for Collectors Historians):

The saga of the American cowgirl, unlike that of the cowboy, is not well-chronicled, but their history is as appealing as it is colorful. The First Ladies from the Great American West live again in this comprehensive pictorial chronicle. Many of the photos are printed here for the first time. Detailed captions provide the reader with rodeo lore, as well as

biographical accomplishments of these extraordinary women never before presented in a cohesive format. A true reference work, *Cowgirls: Early Images and Collectibles* includes three dimensional collectibles along with hundreds of original photos which pay tribute to these dedicated, gallant women. This volume is a joy for the serious Western/Americana collector, and fascinating to anyone interested in women's history.
