2 of 2 people found the following review helpful. A Pattern Book By JMP Only the first 12 pages have details on building music boxes, the rest are all patterns. You also don't have a photo of each completed box. Some only are line drawings and the photos are the size of a quarter, up in the corner of the page. A good pattern book but not really for beginners. Page 188 is supposed to be the resources page with info on suppliers. It is an advertising page for the publisher in my copy. 0 of 0 people found the following review helpful. Five Stars By Dalmatian\_Lover Its got great

My husband loves it. Thank you!!

Create over 45 beautiful musical keepsake projects from a wide array of popular categories, including: Angels, Children, Holiday, Romance, and Victorian.

If I had to rate this book on a scale from 1 to 10 I would have to give it a full 10. This is the nicest pattern book I have...my first impression was WOW. This is a very impressive pattern book. I own about 35 pattern books and this one is among the best. From the Back Cover Create Beautiful Musical Keepsakes That Will Be Treasured For Generations!
