**Noritsugu Oda : Danish Chairs** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Danish Chairs:

2 of 2 people found the following review helpful. Great resource for danish design By Greg Klassen This book is fantastic. Beautiful photography, descriptions and a large selection of danish chairs. I am a professional furniture maker and this book continues to provide inspiration after several years in my library. 2 of 2 people found the following review helpful. Outstanding reference guide for collectors and enthusiasts alike. By camomile reviewer Beautiful photography and detailed biographical information about the designers of the chairs. I can't think of a better way to describe it than furniture porn. If you are a serious collector or dealer of Danish Modern furniture this is a must for your reference library. 12 of 12 people found the following review helpful. Superb By Tad Deutsch A

compilation of chairs from Danish designers; Danish Chairs is an invaluable source for the Danish enthusiast. It provides multiple views of every piece and gives a short biography for each designer. It is an informative reference for any collector.

Danish furniture design burst onto the international scene in the late '20s and soon came to be revered as classic. Danish Chairs is the only book available to survey the innovative, prolific output of Denmark's design elite during the years when they turned again and again to the chair. Architects and designers are notorious chair aficionados; some would say they are obsessed with chairs. With over 150 examples of fine Danish chair design by 66 premier designers, Danish Chairs is the perfect book for devotees. Each style is shown from multiple angles, accompanied by technical details and notes about the designer, as well as schematic line drawings for more than 25 chairs. With landmark works by Kaare Klint (the Peacock chair), Arne Jacobsen (the Ant chair), Finn Juhl, and Hans J. Wegner, Danish Chairs is a unique reference and source of creative inspiration for all who admire the chair.
