Linda Edward : Doll Values Antique to Modern 11th Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doll Values Antique to Modern 11th Edition:

9 of 9 people found the following review helpful. Basic reading By Long time collector This series is a great resource for anyone interested in collecting dolls. Lots of information packed in to a small space. Lovely photos. You still need some of the more specialized books if you really want to know the subject - but this is pretty handy. Wish a few of the folks who list dolls on-line would invest in one. You know the ones- "I found this at an estate sale and I don't know

anything about dolls but it must be very old, rare and valuable. and its one of those junk bisques from china from the 1980's."2 of 2 people found the following review helpful. Also good for mass produced vintage and newly produced dollsBy Romantic FanaticThis is the most current book regarding this subject. Really helpful in determining market value for my antique dolls- helps with buying and selling. Also good for mass produced vintage and newly produced dolls. I love the spiral notebook style which makes it easy to use.3 of 3 people found the following review helpful. gift for momBy amy kemperholtI purchased this book for my mom because she has quite a lot of dolls and wanted to find the values of them. A lot of the dolls she has are not in this book. Or, they're in there but not the size she has. So, she still doesn't know the value of her dolls. I guess I should have gotten a different book. One that's more comprehensive.

With more than 500 all new color photographs, the 11th edition of *Doll Values, Antique Modern*, will retain its #1 bestselling doll book status. The book covers antique, vintage, and modern dolls, and many published references have been used for descriptions and marks. Listed alphabetically by manufacturer or type, an overview of each manufacturer is provided, including marks used, descriptions of various models, and values. Collectors will love this easy-to-use reference which aids in doll identification by manufacturer, type, and materials. Over 6,000 listings and a useful index will benefit collectors and allow for quick reference at doll shows and auctions. 2011 values.

About the AuthorLinda Edward is a doll researcher and the curator of The Doll Museum in Portsmouth, RI. Her past experience includes being editor of *Doll News*, the magazine published for UFDC members. Her museum collection encompasses dolls from the 18th century to the present, including antique and modern play dolls, artist pieces, and fashion dolls.
