Accurate and concise 'how to' of fiber reactive dyeingBy MeanomCovers, accurately, the basics of dyeing cotton (which would also cover other cellulose fabrics such as linen) with fiber reactive dyes. Her message that knowing how to dye / overdye means you'll always be able to find the perfect color for your project. She conveys the essential information to build up the skills to be successful at this - and she is concise! with a total of 56 pages.1 of 1 people found the following review helpful. great simpleBy patriciaLoved it! It gave me the info I needed on basic over dying. It mostly uses quilts for examples but applies to most.1 of 1 people found the following review helpful. great!By Janet C. FowlerNo other book I've seen available has the information contained in here to 'over-dye' fabric. This is exactly what I was looking for! And this was the third time I tried to buy this book so it's great I finally have this book.
