**George Neumann : Early American Antique Country Furnishing** before purchasing it in order to gage whether or not it would be worth my time, and all praised Early American Antique Country Furnishing:

0 of 0 people found the following review helpful. A "Must Have" for the Primitive Collector Dealer!By Sara / Gull CottageLong out of print - this book is a must-have bible for the early American country collector and dealer. I have been in business for 35 + years and it is amazing what I recently learned from this book. the price-guide included is obviously out of date but it is fascinating to compare the prices of today vs. those in the guide. The pictures are clear and concise, the descriptions - though short - are ever so helpful. Do not hesitate - buy it!0 of 0 people found the following review helpful. Five StarsBy Customeras described0 of 0 people found the following review helpful. Five

StarsBy Gloria N. GreenwaldA great reference book. I recommend it highly.

Right here we find a price reference to fulfill your expectations of a reliable encyclopedia covering those cherished furnishings found throughout homes from colonial times up through the 1800's. A multitude of furniture, fixtures, appliances, and knick-knacks hundreds of years old are found throughout this volume. -- Book Description
