Martin Eidelberg, Claire Cass : Edmond Lachenal and His Legacy before purchasing it in order to gage whether or not it would be worth my time, and all praised Edmond Lachenal and His Legacy:

1 of 1 people found the following review helpful. Edmond Lachenal and His LegacyBy Massimo EgidiThe most important works dedicated to Art Nouveau don't devote sufficient attention to Lachenal's artistic production; on the contrary this book provides a wide and careful description of Lachenal's Art Nouveau production with the help of perfect illustrations and pictures.2 of 4 people found the following review helpful. A specialty item any art library strong in ceramics history needsBy Midwest Book ReviewEDMOND LACHENAL HIS LEGACY considers the 19th and early 20th century French ceramics industry in light of one of its major contributors and is a specialty item any art library strong in ceramics history needs. It presents the work of Lachenal's career and includes pieces by his collaborators and students, as well as his family and assistant, and pairs scholarly essays and period photos with descriptions of his works.

Edmond Lachenal and His Legacy documents the shifting styles of this important French ceramicist and also the styles of his contemporaries.
