Three StarsBy JoannBook has excellent information would recommend this book to anyone who is thinking of collecting compositions dolls3 of 3 people found the following review helpful. Clumsy Doll DescriptionBy LoisAThe pictures are very nice and well put together according to date of manuf., but the beginning of the book is written in a very clumsy manner. I found trying to match a particular doll to when it was first manuf, or maybe revised later on, was very hard. The descriptions all ran into one-another, like a run-on sentence. It probably had to be written this way because FB was so prolific. I still found it very informative.0 of 0 people found the following review helpful. Great bookBy barbaraVery nice book in great condition. Thank you
