Jan Lindenberger : Encyclopedia of Cabbage Patch Kids(r): The 1990s (Schiffer Book for Collectors with Price Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Cabbage Patch Kids(r): The 1990s (Schiffer Book for Collectors with Price Guide):

The Cabbage Patch Kid craze started in the 1980s, and continued into the 1990s, where it is perpetuated by a strong community of collectors. This excellent book picks up the story at the start of the 1990s, where the authors' successful first book left off. It shows the full line of Kids produced by Hasbro from 1990-1994, including Birthday Kids, Kissin' Kids, and the 10th Anniversary dolls. All the Kids produced by Mattel between 1995-1998 are here as well, including

OlympiKids, Snacktime Kids, and the Keepsake Collection. The book also features pets, with lots of valuable information about the adorable Koosas. The authors have included an excellent 85-photo reference for head molds used through both the '80s and '90s. Learn to recognize fakes and altered Kids in the marketplace, and see some creative ways to turn shabby flea market finds into beautiful Kids again.
