André Jouineau : Officers and Soldiers of the French Imperial Guard 1804-1815, Vol. 5: Cavalry before purchasing it in order to gauge whether or not it would be worth my time, and all praised Officers and Soldiers of the French Imperial Guard 1804-1815, Vol. 5: Cavalry:

0 of 0 people found the following review helpful. Another volume in this great series By B. Thomason All of the books in this series are must haves, but only if you are even remotely interested in the Napoleonic period. The illustrations are a miniature modeler's wish come true, as they are an excellent guide to the painting of any size miniature. The colors reproduced in the book are spot on and the detail of the illustrations is remarkable. Included in each book are illustrations of all ranks, displaying them so one can see the differences easily. 0 of 0 people found the following review helpful. The French Imperial Guard vol 5 By Michael Anthony Wood This is another excellent volume depicting the uniforms of the French Imperial Guard. The colour plates are excellent as usual with this series 0 of 0 people found the following review helpful. Four Stars By Lilly Library We are pleased with the purchase

The fifth and final volume of this rich saga of the French Imperial Guard, André Jouineau presents the last troops in the Garde: the Horse Artillery, the Health Service, the crew trains, the artillery and artillery trains. A chapter about the headquarters staff closes the story of these glorious units. André Jouineau has been contributing to Histoire Collections for more than 16 years. His uniforms plates, which are fully designed using data processing, have made him a pioneer in this field. In the "Officers and Soldiers Series" (OAS) he is also co-author of American Civil War (vols. 1 and 2), The Imperial Guard (vol. 1, 2, 3 and 4), and French Hussars (vol. 1, 2 and 3).

About the Author Since the seventies, Andre Jouineau has dedicated himself to studies in history and uniforms. Regular contributor to various magazines, he was appointed official painter of the Army in 1985 (title kept until 1994). Then, in the mid-nineties, he tackled computer illustration, which allowed "creating" a new uniformology genus.
