Michael S. Shutty Jr. Ph.D : One Coin is Never Enough: Why and How We Collect before purchasing it in order to gage whether or not it would be worth my time, and all praised One Coin is Never Enough: Why and How We Collect:

One Coin is Never Enough presents an upbeat, friendly analysis that is a celebration of the collector. Emphasis is placed on the venerable skills that collectors need to cultivate to get started. Michael S. Shutty Jr. Ph.D. introduces the idea that coins are transformed into something special when numismatists choose to collect them. In this way, the

collector is placed front and center. Michael uses the term "marvelous" to capture the allure that coins have for sharing secrets about the past but here again, he gives coin collectors all the credit for telling their stories. This is a unique approach in numismatic writing, as more often than not, the coins are given precedence! After reading this book, you will realize that it is the other way around. What better way is there to get started or re-invigorated with collecting coins?
