following review helpful. Just what I was looking for. By Patricia James I lived on Long Beach Resort from around 1946-1948. We lived right across highway from where the Casino used to be. Our house was behind the old water tower. These pictures have brought back so many memories of that area. The area has changed so much since I was a little girl living there. The pictures really mean a lot to me trying to remember what it looked like back before all the condos and other changes.

Panama City began as three 640-acre homesteads in the late 1800s and was incorporated in 1909. The seat of Bay County, this thriving port city of nearly 156,000 is home to Tyndall Air Force Base and the Naval Coastal Systems Center. This volume contains more than 200 vintage postcard views of Panama City from its earliest years through the 1970s. Scenes of neighboring Panama City Beach include early beach institutions like the Hangout at Long Beach Resort, Jenkins Drive In, Mitties Tavern, and Little Birmingham. Those who remember the Fo'C'sle Grille at the Verde Mer Cottages in Laguna Beach deserve a gold star.

About the Author An avid collector of antique postcards, author J. D. Weeks is a retired public health administrator who began visiting Panama City with his parents in the 1940s and developed an interest in local history at an early age. Since then, his three children and nine grandchildren all have enjoyed similar experiences here. Weeks's book Birmingham in Vintage Postcards was published by Arcadia in 1999.
