I consider it to be most valuable to Panther fans and students. The majority of photos are new to me and have been carefully chosen for interest's sake. Unfortunately, some are of poor quality but do portray events and certain features that are hard to illustrate otherwise.This book is not one I would recommend to someone who is starting from the beginning in their study of the Panther. It is however, a great collection of new photos for the Panther enthusiast.5 of 5 people found the following review helpful. This is my second purchase of this series. Again ...By TimboThis is my second purchase of this series. Again the newly found pictures help with justifying the purchase, but the narrative falls short again. Unless I see the other books in the series on sale, I probably won't be a repeat buyer.2 of 2 people found the following review helpful.
