**TASCHEN : Picasso 1 Poster Book (Posterbooks) (v. 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Picasso 1 Poster Book (Posterbooks) (v. 1):

4 of 4 people found the following review helpful. Picasso Posterbook Review By M Gibson This posterbook contains six 12"x17" quality posters, an excellent bargain at this price. The posters cover a range of Picasso's work through the years 1901 - 1957. There is a brief, yet interesting description of each poster written in English, French, and German. An informative written chronology of Picasso's life is also included in the packet. I wish I could have seen the images on the computer screen before I had purchased the packet, or at least known the contents. The posters included are as follows: Child Holding a Dove, 1901; Family of Saltimbanques, 1905; Portrait of Marie-Therese Walter, 1937; The

Pigeons, 1957; Women Running on the Beach, 1922; Guernica, 1937. I rated these posters "4-Stars" because I use them for teaching art to elementary school children and there is one poster that I cannot show, due to nudity. I found that I use the posters found in Picasso Vol. II posterbook more often in my classes.
