**Evelyn Harless : Pip Squeek: The Half-Size Jeep** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pip Squeek: The Half-Size Jeep:

Pip Squeek is a half-size jeep built by Military Vehicle Preservationist, Paul Harless, and his wife Evelyn who photographed the whole process. Evelyn Harless writes the story of the restoration from the point of view of the little jeep -- providing context, jeep family history, and a wide variety of characters -- human and mechanical. This book is appropriate for middle-grade readers and above. Adults will love it because of the vast amount of information tucked into an easy-read and the photographs and stories demonstrating how Pip Squeek was built. Kids will enjoy the idea of

a little jeep talking to them. Fun and informative!
