What I didn't know at the time I bought this ...By KittyMamaWhat I didn't know at the time I bought this was that the first series of presidential coins was circulated and the second batch apparently was not. You will never get one in change or in a roll of dollar coins from the bank. To complete some birth year coin sets for my grandchildren, I had to go to a coin collector (or the US Mint) and pay considerably more than an dollar for each one. I will not be completing this book of presidential coins! 1 of 1 people found the following review helpful. How did Whitman manage to make all these books that work just fine, and then put out two Presidential dollar books ...By Mark FortenberryCoin holes cut smaller than coins... 225 lb large male could not get

them in their holes. I have MANY other Whitman coin books and NEVER had this problem. When I was 6 years old I used Whitman folders for my penny and nickel collections. At six years old I had NO problem putting the coins in their books. I currently have penny, nickel, dime, Quarter, 50 cent piece, and Sacagawea dollar books and have not had a problem with any of them. How did Whitman manage to make all these books that work just fine, and then put out two Presidential dollar books that the coins just plain don't fit? Epic fail, Whitman. 0 of 0 people found the following review helpful. DO NOT BUY, coins do not fit the folder cutouts. By Customer Don't buy it. The cut out size is too small for the presidential dollar coins. Only sprained my thumbs and fingers trying to get it to fit, with no success.

In December 2005, Congress approved the creation of a new dollar coinage, known as Presidential dollars, and President George W. Bush signed the legislation into law shortly afterward. During each year from 2007 to 2016, four different dollar designs, each bearing the image of a different president, are being released. The motto IN GOD WE TRUST appears in edge lettering a first for a U.S. coin, as the motto has never before appeared on the rim. The year of issue is likewise on the rim. 24 Openings covering 2012 through the first release in 2016. Originally a President was to be deceased for two years in sequence of term before a coin could be minted. When the program started President Ford and not died. We left additional blank openings to compensate. President Carter has not passed but the Mint decided to proceed with President Reagan. There are additional openings and no Presidents were forgotten.
