**Phillip Allen : The Atlas of Atlases: The Map Maker's Vision of the World** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Atlas of Atlases: The Map Maker's Vision of the World:

A distinguished collection of some of the most stunning and important maps from five centuries of atlases. From the anonymous early atlases of the 15th-century to works by all the great cartographers, this volume spans the finest atlases in existence through 1900, showing global history in the making. 300 full-color illustrations.
