M. G. Lewis : The Bravo of Venice before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bravo of Venice:

12 of 13 people found the following review helpful. FabulousBy RedA desperate and delicious romance from beginning to end! The hero is heroic and the villain duly wicked, the lady is fine and dainty and all the cast is thrown into a marvelous turmoil only to be confoundingly set to rights in the end. The more I read these old romance novels the more annoyed I am that I keep seeing horrid movies based on lousy books. Why not make a movie out of this little gem? Or the Monk? Are they not properly horrible and exciting?A joy to read, especially if you're of a more romantic sensibility.0 of 2 people found the following review helpful. There's a message thereBy CameliaThe writing was just too foreign for me. Or maybe it was too deep. Or maybe it was just written about someone with murder in his heart but with a mother who taught him better and he was determined not to do what his mother taught him. I probably just cannot understand why anyone would want to choose wrong over right and live with those consequences. I don't know

how he chose because I could not finish the book.

Translated from a German source originally, this book delves into the intricacies of relationships. The plight of people who suffer at the hands of their loved ones is depicted in a poignant manner. This narrative involves passion, romance and love in all its forms.

Language NotesText: English, German (translation)About the AuthorEnglish novelist, poet and dramatist, Matthew Lewis was popular for his Gothic writings and for introducing German Romantic literature to English readers. Although he had a short insignificant political career, his main interests were literary to the end.
