**Jane Greenfield : The Care of Fine Books** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Care of Fine Books:

6 of 6 people found the following review helpful. Direct, concise, and clear.By TerryQuick - what should you do if you find signs of insects in a valuable old book? Greenfield's 'The care of fine books' answers this and similar book care questions. Her answers are based on years of experience and delivered in easy to understand, non-technical language. As a librarian, I find myself reaching for 'The Care of Fine Books' several times a week. I think this book would also appeal to book collectors or to anyone who cares for cherished books.BTW, Greenfield's non-toxic and

non-destructive recommendation is to freeze books with bugs. It works! 1 of 1 people found the following review helpful. I like it. But a picture is worth a thousand ...By Magic Mike I like it. But a picture is worth a thousand words, and this one had tiny black and white sketches. It's pretty good, but still less useful than searching on youtube. 2 of 2 people found the following review helpful. Caring For Your Books By Alana Campbell A fine book which is of help to me and I was happy with my purchase. The topic caught my eye and the price was reasonable. The author is very knowledgeable on the subject.

The Care of Fine Books is a thorough, readable guide to caring for books of value. From a discussion of the various techniques and materials used in bookbinding to advice on handling and storage, Jane Greenfield has created a succinct yet complete resource for anyone who wants to preserve and protect their fine books. Whether you are a collector, a librarian, or a conservation professional, you will benefit from this expert advice. Learn about appropriate levels of light, temperature, relative humidity, and pollution; how to secure a collection against fire, insect infestation, flood, and theft; and methods for cleaning and repairing books that have already been damaged. Always practical and amply illustrated, this is a must-have reference for anyone who loves fine books.

From the Back Cover Here is a concise, eminently readable handbook on how to care for any book of value. For collectors, librarians, and curators it represents an elegant summation of their responsibilities and techniques. Included in The Care of Fine Books is a brief history of book-construction methods and a discussion of the nature of fine books and their component materials, thorough advice on the storage and handling of books, securing a collection against fire, flood, theft, or other mishap, and elementary cleaning and repair. An Appendix lists sources of materials and supplies. The text is graced with over 200 line illustrations by the author. (7 X 9 1/4, 160 pages, illustrations, diagrams) About the Author Nick Lyons is the editor of Hemingway on Fishing, The Best Fishing Stories Ever Told, The Quotable Fisherman, and The Little Red Book of Dad's Wisdom. He has written over twenty books, mainly on fishing, in addition to hundreds of articles on the subject, which have appeared in such magazines as Harper's, Outside, Field Stream, Outdoor Life, and Fly Fisherman. He splits his time between New York City and Woodstock, New York.
