A Good Story-TellerBy Lee EllisI heard the author interviewed on the radio, which prompted me to buy this book. The part that got my attention was that he was so successful in contacting celebrities and receiving autographs for his collection. He states that the key to success is to be passionate. Writing a letter that is clear and creative is the goal. He writes his letters as stories. The celebrity is the hero and the author must capture the celebrity's imagination. He does this by sharing stories with the celebrity. He weaves his story to show a shared interest with the celebrity and tells what impact the celebrity has had on him. With this method he has received letters from US Presidents to members of sports Hall of Fame. I have used this technique and it has worked for me. I highly recommend this book.

The Celebrity Address Directory Autograph Collectors Guide is a combination celebrity address directory, celebrity almanac and autograph collector guide. The directory lists several thousand-celebrity names with addresses. A unique feature of this directory is that it groups the celebrity by career. The careers include entertainers, sports personalities, business leaders and politicians.

It also has the information letter writers want; including celebrity birthdays, sports Hall of Fame members, People Magazine Most Beautiful People, Fortune Magazine Most Powerful Celebrities and Celebrity Charities. This book is a most for any autograph collector, fundraiser or anyone wanting to contact a celebrity.From the AuthorI have been an autograph collector for many years and understand what the autograph hobby desires for celebrity information.
