**From Americana Group Publishing : The Celebrity Address Handbook Autograph Guide 2000** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Celebrity Address Handbook Autograph Guide 2000:

6 of 6 people found the following review helpful. A Winning Combination By Lee Ellis I am an autograph hound and like the excitement of the hunt. Going to the mailbox with anticipation of who's autograph is there is a rush. I bought the book, "The Celebrity Address Handbook Autograph Guide 2000" and found it to be all I wanted. I collect movie stars and entertainers. I found this book to have tons of names and addresses. I liked it because the author listed the celebrity by category AND he gave an awesome movie database website. This website is something. It is operated by .com and the data is excellent. Searches can be made by actor, director, name of movie or variety of other searches. It is great for the person who wants to know more about their favorite star. "The Celebrity Address Handbook

Autograph Guide 2000" has the addresses, The website has the backup facts. This is a winning combination. Besides this combination, the book has an address guarantee. The last page of the book lists the contact at the publisher for any celebrity address update. I had one return to sender from Eddie Murphy. I called them up and I had an e-mail message in 5 minutes with the current address. The publisher has a full time staff of researchers updating celebrity addresses. They not only gave me an update, but they gave me an address that wasn't listed in the book. On with the hunt!4 of 4 people found the following review helpful. Not on my A listBy Darryl S.I am not sure who these other people are who provided reviews for this book. Most of things they say are included are simply not true. I bought this exact SAME book this Febuary and I have looked through the whole thing and there is no guarentee from the publisher that if the addresses provided don't work that you can contact them and they will give you new ones. As well there is not section that tells where celebrities have been sighted. As for the accuracy of the address, well I have recieved 4 undeliverable letters back already, which I sent out the day I bought this book a month ago! If you are looking for accuracy in addresses, save you money and buy one of the other one's that offers. Perhaps they are more correct, and you won't be wasting you money like you would be by purchasing this book. And don't worry, I will be writing to the author and publisher to tell them what I think!0 of 1 people found the following review helpful. Autographs for the Next CenturyBy Lee EllisI collect autographs for the future. I buy and save autographs to appreciate in value. I like presidential, business and political names that are likely to gain in popularity and price. Names like Bill Gates, George Bush, Michael Dell, Warren Buffet, Michael Jordan, Henry Kissinger are in "The Celebrity Address Handbook Autograph Guide 2000" plus thousands more. The value of the autographs I mentioned are worth the purchase price of this book and much more. I also like the sections on movie celebrities and the Internet site that give biographies on stars. I also like the section on listing celebrity signings around the country. This book is easy to read and offers celebrity addresses for all interests. I have been getting a high rate of autographs from the requests I have sent to celebrities through the mail. Autograph collecting is a great hobby and "The Celebrity Address Handbook Autograph Guide 2000" is a good source of addresses.

"The Celebrity Address Handbook Autograph Guide 2000" is a directory of over 5,000 names and addresses of well-known celebrities. It contains more than 30 categories of celebrities including entertainers, politicians, business people and sports figures. The categories in "The Celebrity Address Handbook Autograph Guide 2000" makes it easy and fun to contact your favorite celebrity. The handbook also has in-person locations for obtaining autographs and a section with question and answers about contacting celebrities.

From the PublisherAutograph collectors and star-crazed fans rejoice! Lee A. Ellis' Celebrity Address Handbook lists more than 5,000 stars' names and addresses. It handily organizes these famous people into more than 30 categories, so you can hunt down the autographs of politicians, entertainers and sports figures. The book also makes it easier to contact your favorite celebs, giving you tips on asking for autographs through the mail, in person and through a dealer. So if you just have to have that famous somebody's seal of approval, this book can help you get it.About the AuthorMr. Ellis is an avid collector of autographs and memorabilia. After many years of researching and actively colecting autographs, he decided to write an autograph address book that would be easy to follow. Mr. Ellis is a graduate of the University of Wisconsin-River Falls with a bachelor of science degree. He lives in Wisconsin with his wife and two sons.
