You get descriptions of paintings, but no pictures. Worthless!! Even at a free price, it is worthless!0 of 0 people found the following review helpful. Interesting for adults, tooBy pen nameI love these older books that talk about art for children, getting them interested in it. How fun for home schooling! Author is Lorinda Munson Bryant, who does a great job talking about the artist, or telling a story about the times, a myth, the painting itself, etc, on one page, and on the opposite page is a bw repro of the painting. Nice size larger book to hold. Great deal, recommended.Covers are textured, like a grosgrain ribbon, a dark cherry, with title and author in black letters.
