Francis Joseph : The Chintz Collectors Handbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Chintz Collectors Handbook:

13 of 13 people found the following review helpful. The Chintz Collectors Handbook and Price Guide. By A Customer Very good! It is a good guide of chintz manufacturers, patterns, and shapes, particularly of Royal Winton. Alphabetically organized. Detailed descriptions of patterns. Interesting price guide.

Adorn your collecting bookshelf with this wonderful guide to Staffordshire potteries. Following the Winton pottery's success, these companies emulated such famous patterns as Hampton, Spode, Marguerite, and more. You'll find

pottery histories, a pattern and shape index, prices and more.
