Can't buy it new anymore so ordered a used copy and it is wonderful. Just a small dent on the exterior part of the binding (looks like it got dropped) but pages are in great condition. Beautiful photos of the last 5+ decades of Barbies.

This guide to Barbie dolls charts the development of Barbie and provides details on her wardrobe, on Ken, her

boyfriend, and her other friends. It also includes advice for collectors, price details, and information about conventions and clubs.
