Fitzgerald This calendar is fantastic with the history backgrounds and manner tips included alongside the beautifully-photographed sceneries! I wish there was a coffee one fashioned like it, although I already have two past calendars that came complete with perforated postcards (2007 2008)! You should try a treat recipe bonus to accompany each calendar, laden with special serving suggestions! 0 of 0 people found the following review helpful. Beautifully crafted calendar By Jeffrey W. Imperato For many years, these calendars have shown the beauty of the elegance of teapots, and this year is no exception. Skillfully placed, you can see the craftsmanship in each unique pot. Highly recommended. Jeff Imperato 0 of 1 people found the following review helpful. Great unique calendar. By Jill M. Edwards I buy this calendar every year for my Mother in law, as she loves teapots. It has unique ones and it is very colorful with large squares to write in.

Sit down for an afternoon tea, that convivial interlude filled with gossip, camaraderie, and cakes both dainty and delicious. Celebrating this ritual—and the teapots gracing the table—The Collectible Teapot Tea Calendar features a dozen beautiful teapots photographed in teatime settings. A sunny Hall China Lipton set makes everyday tea a festive occasion. A Wade lusterware Genie teapot brings a touch of the exotic to the table. And, a pink-and-cream Royal Worcester pot is perfect for Valentine's Day.
