Melva Davern : The Collector's Encyclopedia of Salt Pepper Shakers: Figural and Novelty (Collector's Encyclopedia of Figural Novelty Salt Pepper) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Collector's Encyclopedia of Salt Pepper Shakers: Figural and Novelty (Collector's Encyclopedia of Figural Novelty Salt Pepper):

3 of 3 people found the following review helpful. Great Pictures, Little Useful InformationBy D. AndrewsI have close to 50 reference books on various type of collectibles, and based on some very positive reviews, I decided to add this book to my collection.The bad news is that the book is nearly devoid of useful information that might help a collector to determine age, origin, etc. The good news is that I bought this as a used book, so I didn't have to pay full price! The other good news is that the book has many excellent pictures. Most of the descriptive text, however, simply describes

what you are looking at in the pictures. If you are interested in learning about this collectible category, look elsewhere. If you just like to look at colorful pictures of interesting sp shaker sets, this is the book for you! 5 of 5 people found the following review helpful. Salt Pepper By Tamara Rowed A while ago my mother passed away. When she did I found myself the new owner of 500 sets of Salt and Pepper shakers. Knowing nothing about most of them, and since a great deal of them were antiques, from other countrys and also some being VERY old, I needed a book to rely on and to try and sort out what I had. Well this book was just what I was looking for what I needed. It came in extremely valuable. Many Thanks 0 of 0 people found the following review helpful. Two Stars By loving Pink Outdated. Wish I'd looked at copyright date.

The Collector's Encyclopedia of Salt Pepper Shakers: Figural and Novelty (Collector's Encyclopedia of Figural Novelty Salt Pepper) [Paperback] Melva Davern (Author)
