Pamela Percy : The Complete Chicken before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Chicken:

0 of 0 people found the following review helpful. The PERFECT Chicken Book By SouthernStorm The most fabulous book of chicken knowledge EVER! This book is literally packed with great history, useful breed information and care tips, fun facts, and historical memorabilia. Perfect for the modern homesteader, seasoned keeper, or curious enthusiast. 0 of 0 people found the following review helpful. Chickens rule the world! By ShirleyFlorine I am writing a paper to present to a literary group on someone or something that changed the world. I needed this book for the history of chickens but found it absolutely a great source for information for my paper! The pictures were great to show as the book was handed from one person to the next/. 0 of 0 people found the following review helpful. Good, but not great By Larry Boden This tome explores the chicken throughout the ages. Excellent graphics and many good pictures and stuff. I would have preferred more of how the chicken has contributed to culture throughout the ages. Having said that, the book's writer has a great affinity for the bird. Lovingly done and very factual. Recommended.

Which came first, the chicken or the egg? That's just about the only question about chickens that isn't answered in "The Complete Chicken", which pays tribute to the popular poultry. Pam Percy provides a colorful, egg-straordinarily entertaining account of chicken history; breeds; the world of chicken collectibles; and the chicken's role in art, pop culture, myth, legend, religion, and folklore. The light-hearted yet informative text is complemented by delightful

illustrations and photographs. Whether you've been a long-time fan of chickens or have recently become fascinated by these captivating creatures, you'll find something to crow about in "The Complete Chicken."

"This light-hearted but well-researched and beautifully illustrated [book] explores everything from cockfighting to chickens in classical music." -- Wisconsin Trails
About the Author Pam Percy has been raising chickens as a hobby since 1986 on her five-acre property. She has been researching chickens in art, history, and literature for nearly a decade when she realized that the information was limited; "The Complete Chicken," her first book, is the result of that research.
