Mark V. Stein : The Complete Price Guide to Antique Radios: Tabletop Radios, 1933-1959 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Price Guide to Antique Radios: Tabletop Radios, 1933-1959:

0 of 0 people found the following review helpful. Interesting book for Collectors of Antique Radio'sBy Dave D.Interesting book for Collectors of Antique Radio's. My only complaint is the Price guide doesn't cover all the Radio's Made during that era.0 of 0 people found the following review helpful. Four StarsBy Myra Smithgreat reference book3 of 4 people found the following review helpful. The Complete Price Guide to Antique Radios:

Tabletop Radios, 1933-1959 By Peter Massar A good book to identify many radios (though not all are listed). Although it needs an update. Last printing was 2002.

Machine Age to Jet Age, Vol. 1, America's No.1 vintage radio identification and price guide has been revamped and renamed The Complete Price Guide to Antique Radios. Includes over 1,400 pictures of more than 2,500 vintage tabletop radios. Images have been digitally enhanced, listings expanded reformatted. Icons now indicate Canadian radios, Ingraham cabinets, World's Fair models and noteworthy industrial designers. Also, newly added are tube and band counts, options, variations and their current values. An exciting reason to purchase this new edition is that we've now added a comprehensive cross-reference of all radios pictured in the 3-volume Tabletop series! This INDEX is comprised of over 9,000 listings sorted by brand. Radios are referenced and cross-referenced by model number and model name. Each listing also includes description of variation_ cabinet material, color, finish, tube count, etc. All radios have revised 2002/3 market values as well as the series volume number noting where in the series each radio is pictured and fully described. You'll wonder what you ever did without it!

'...a worthy supplement to the collector's library.... [has] much to commend it to both radio dealers and collectors...' -- Antique Radio Classified'...the most valuable [radio] collecting resources I have found....A necessity for any serious radio collector... -- California Historical Radio Journal About the Author Mark V. Stein is a noted authority on art deco and machine age radios. He has been collecting and selling vintage radios for the past 15 years. Through his catalogs and website he has sold thousands of vintage radios over the years. He currently maintains a website which focuses on high-end art deco radios and related items Mark received his Masters in Business from Johns Hopkins University in 1984. He currently resides in Maryland with his wife and two daughters where he dedicates his time to researching, authoring and publishing books about vintage radios, clocks and other industrial design antiques and collectibles.
