The Gübelin Foundation : The Eduard Josef Gübelin Story - Mandarin Edition: The Art and Science of Gems before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Eduard Josef Gübelin Story - Mandarin Edition: The Art and Science of Gems:

Eduard Josef Gübelin (1913-2005) acquired an outstanding international reputation in the field of gemology with his scientific work and his remarkable collection of precious stones. His lifelong studies of inclusions in gemstones changed the science of gemology and his work laid the foundation for the microscopic identification of gemstones of all kinds. Written by members of his family, this book is published in celebration of the 100th Eduard Josef Gübelin.

The Eduard Gübelin Story delves into his life story, to discover how his early years lay the foundations for his career as a gemologist, his research and his heritage.

About the AuthorThe Gübelin Foundation is a group committed to exploring the science of gemology and to spreading accurate and relevant knowledge on gemstones.
