Denleyyou can't have too many lure books if you are a collector dealer and this has many good pics and references.0 of 0 people found the following review helpful. ValuableBy KOLove the book. Starting a fishing lure collection and this is invaluable for that. This is the second lure

book that I have for that.

There are more than 1,800 lures presented from many manufacturers with heavy emphasis on Creek Chub Bait Co., Heddon, South Bend, Shakespeare, and Pflueger. In addition to the many illustrations presented by company, there are a complete index, tips on displaying your collection, and other collecting trivia. Every illustrated lure has complete descriptions, and a price range to reflect today's exciting collecting trends.
