**Christophe Pourny : The Furniture Bible: Everything You Need to Know to Identify, Restore Care for Furniture** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Furniture Bible: Everything You Need to Know to Identify, Restore Care for Furniture:

5 of 5 people found the following review helpful. Perfect furniture restoration guide By Jason Winters This is my favorite book for furniture restoration though it covers period identification, I use it for learning restoration techniques. And for that it's absolutely amazing. Just reading the materials in this book I've found that I know more about traditional restoration than the instructor of a recent course I took. The instructor's solution for all problems was "just strip it" and when asked how to handle certain types of finishes his response was "it depends." This is my go-to book and I keep it near me when performing furniture restorations. It's just the right level of detail. I love making my own

wax, shellac mix and performing my own french polish. All techniques well documented with photos in this book. If you want information on more modern restoration techniques or a little more detail on the science behind certain processes, buy "Understanding Wood Finishing" in addition to this. 2 of 2 people found the following review helpful. Five Stars By LD Love this book. A must read for anyone interested in refinishing furniture. 1 of 1 people found the following review helpful. If you own furniture, you should own this too! By Lissauer Designs Every inch of this book is more interesting than anything I've encountered in the genre. In content, design, illustrations, and viewpoint, author Christophe Pourny has penned a truly perfect furniture BIBLE that will keep you up all night thinking "just one more page"!

Christophe Pourny learned the art of furniture restoration in his father's atelier in the South of France. In this, his first book, he teaches readers everything they need to know about the provenance and history of furniture, as well as how to restore, update, and care for their furniture—from antiques to midcentury pieces, family heirlooms or funky flea-market finds. The heart of the book is an overview of Pourny's favorite techniques—ceruse, vernis anglais, and water gilding, among many others—with full-color step-by-step photographs to ensure that readers can easily replicate each refinishing technique at home. Pourny brings these techniques to life with a chapter devoted to real-world refinishing projects, from a veneered table to an ebonized desk, a gilt frame to a painted northern European hutch. Rounding out this comprehensive guide is care and maintenance information, including how to properly clean leather, polish hardware, fix a broken leg, and replace felt pads, as well as recipes to make your own wax, shellac, varnish, stain, and more.

Library Journal, Best Books of 2014, Best Books of the Month for November 2014 "A guide for the pros, DIYers and furniture aficionados eager for tips from the expert. Pourny's practical advice on all things antique is coupled with historical notes."—Time "A comprehensive but accessible guide to restoration that lays out everything you need to know about making over wooden furniture."—Martha Stewart Living "Authority wafts from [Pourny's] handsome how-to book like the sweet smell of lemon oil."—New York Times "A practical, visual guide for anyone who wants to restore a cherished heirloom or simply correct a water stain."—San Francisco Chronicle "Pourny's book will serve brave DIYers as well as design aficionados wishing to hone their connoisseurship."—ArchitecturalDigest.com "It's really everything you wanted to know about furniture but were afraid to ask."—WWD.com "Whether you want to refresh your mother's outdated bureau, refinish a set of vintage Danish Modern chairs, or restore antique marquetry to its former glory, this volume's got you covered and then some."—Design\*Sponge "Encyclopedic in coverage . . . deftly illustrated and defined . . . a fantastic go-to source for furniture care."—Library Journal, starred review "A thorough and practical guide for the furniture expert as well as for the novice restorer. . . .
