**Wayne Kernochan : The Game: A Return to the Elan School** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Game: A Return to the Elan School:

0 of 3 people found the following review helpful. Exposing these lies has been very easy. I was thereBy Arthur D. WarshawskyThe reason this book,and his others are hard to read,is because he is a LIAR. Wayne never went to Elan. Wayne was never raped.He has simply paired himself with the sickes persons from Elan,to plagerize the stories he has written. He didn't witness anything,as he was never thereWayne is a very disturbed little man with one hellofa

imagination. He is merely seeking attention from all of you. Exposing these lies has been very easy. I was there. Wayne was not 0 of 5 people found the following review helpful. Difficult reading. By DannyBIII did not find this book to be well written at all. It is confusing, does not connect the events he describes in any practical order. Wayne jumps from topic to topic trying to jam in as much information as possible. Problem is the memoir comes across as scrambled. He doesn't document and/or provide any evidence for any of the conclusions he comes to, it is all his scattered opinions. He claims that Daniel Bennison raped him but doesn't provide any space in this memoir to account for this horrific act. Wayne jumps in and out on different pages telling us about this rape. Almost like he is having a problem trying to get honest about it. I am truly waiting for someone to come along and actually write a book about élan. This troubled author did not meet the bar.

The Game: A Return to the Elan School, is the fifth book of my memoir series, and the story of the first book in this series, A Life Gone Awry: My Story of the Elan School. This book tells the history of the tough love industry from Synanon, to the Seed, to Elan and Straight Inc. as it is revealed to me by survivors in the aftermath of the closing of the Elan School. When I found Danny Bennison trolling an Elan survivor group pretending to be a survivor, the first thing I felt was fear. When the fear was resolved I confronted him and said he was one of Elan's worst abusers, and that I had written a book about it. Danny and his friends laughed and said I would never find a publisher who would go up against Elan's lawyers, and I agreed, so I self-published on Facebook and posted chapters as I wrote or edited them. From Synanon, to the Seed, to Elan and Straight Inc. a cult became a state sponsored industry. The Game asks and answers the question, "Who gave them permission to use this on mentally ill and autistic kids?" and digs for the stories of the people behind the scenes. Joe Ricci, Miller Newton and Mel Sembler are assured a public legacy as criminals and child abusers, but there were men in the background, never spoken about, and nobody can find information better than program survivors, so The Game is an indictment of those men in the shadows who masterminded this crime, and made billions of dollars. This is my story. This is our story. This is their story. This is an important part of our nation's history. Thank you for your attention.
