You will have to read the description. Very nice copy.1 of 1 people found the following review helpful. you will enjoy the lessons it containsBy IT Pro DadThis is a piece of history. It is not a DIY manual for shortcuts to Chippendale furniture. If you understand that, you will enjoy the lessons it contains. I did. I recommend to the serious wood worker, cabinet maker and gentlemen.0 of 0 people found the following review helpful. The "Common Man's" introduction to ChippendaleBy Richard M O'DonnellThis is a good resource book for those who love antique furniture. Chippendale furniture is multi-faceted, even Asia cultures adopted stylized versions of Chippendale furniture and design.

In very good condition for its age. Covers are slightly dirty, but in very good condition.
