Good illustrations and commentary, a worthwhile addition to the library.30 of 30 people found the following review helpful. A gorgeous introduction to illuminated manuscriptsBy K. MaxwellI have owned my copy of this book for many years, for the simple reason that the illustrations in it are all beautifully reproduced samples of what is justifiably

seen as a golden age in illuminated manuscript painting c1380-1420. The book starts with an introduction into the various artists and their techniques and their patrons. This is followed up by full page reproductions, mostly of "carpet pages" from various manuscripts. This includes books such as: - The Bodmer Hours, The Visconti Hours, The Bible of King Wenceslas, The Psalter of Jean De Berry, The Belles Heures of Jean De Berry, The Boucicaut Hours and The Rohan Hours as a small sample. The plates are beautiful reproductions, with gold in used to highlight various manuscripts. However, luckily, it has not been so heavily printed as to obscure detail. For an overall purely visual look of the range and beauty of manuscripts of this period this book is hard to beat.

First edition. Forty plates in full color. Ink inscription at top of free endpaper. 119 pages. cloth, dust jacket.. 4to..
