This calendar is perfect for me...I'm a graphic designer who loves vintage advertising! The date boxes are just the right size for entering appointments and notes. Love it! 0 of 0 people found the following review helpful. Nice size for narrow spaces By Just Me I always buy this size calendar for an area between my phone and the patio door. Fits perfectly and helps me keep track of major events as I come and go. Adorable nostalgic travel paintings...makes me want to hop aboard and sail away! 0 of 0 people found the following review helpful. Sent me a 2014 calendar in 2015. Not helpful. By Elisabeth Shelley I apparently ordered a 2014 calendar in 2015. Obviously, what I received is useless and I'm in the hopeful process of returning it for a refund..
