By Linda Fratarcangeli Only criticizm is it came in a bubble envelope and the box is slightly crushed. So it really needs a box. Other than that, it's great I will give it to my nephew who fell in love with Gumby after he saw mine ;) 0 of 0 people found the following review helpful. Five Stars By Jenniferlove it

Gumby, an upbeat, beyond quirky green superstar, made himself a cultural icon after appearing in a feature film and over 220 TV episodes over 50 years. He's already entering his Golden years, and they're proving to be some of his most golden yet. He's on the verge of major merchandising and film productions, including the rerelease of favorite episodes and a new movie and TV series. Pokey, Gumby's loyal, sometimes reluctant sidekick, has achieved equal fame as a loveable talking equine. It's probably fair to say, there's no one who doesn't smile at the sight of Gumby and Pokey or the mention of their names. Kit includes a bendable figurine of Gumby and Pokey plus a 32-page mini book featuring the Gumby creation story and fun trivia.
